**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC

Please stop your assault on TRUE internet freedom, you already went too far ignoring the HUGE majority of the American People (true living, breathing humans, not corporations) who want a true all open access to the internet without any gatekeepers (greedy corporations) controlling broad access rights to the content we need in order to keep a vibrant democracy and freedom of speech. Everywhere in America you see a monopolistic approach to any industry you can think of. Monopolies don't benefit consumers and business and this last attempt by the media/broadband corporations to kill the very little competition they have and few affordable options consumers have available is worst than adding insult to injury.

Remember you are here to serve the American Electorate made of real flesh and bones human beings.

Sincerely

Cesar M.
